

# Goshen PTO is GOING GREEN

In an effort to reduce PTO operating expenses and the amount of paper that comes home in your little gators backpack every day the Goshen PTO would like you to help us "GO GREEN". This year the PTO would like to send communications home to parents and guardians via email. If you would like to receive future communications via email instead of receiving papers home in your gators backpack, please complete the form below and return it to the PTO by August 26, 2011.

Once you "opt in" to the email program you will begin receiving communications via email. Flyers that typically go home will be sent as a PDF attachment or in the body of the email, depending on the type of communication. For those parents who do not "opt-in" you will continue to receive papers home in your child's backpack. If you did decide to "opt-in" but you would still like to obtain a hard copy of the communication, a small supply of flyers will be made available in the front office.

To begin receiving your email communications please complete and return the form below. We will begin the email communications in September.
